About Me

Senior graphic designer working across brand systems, packaging, marketing websites, presentations and motion, most recently for an enterprise AI company. I take work from brief to shipped: building visual languages from scratch, designing within regulatory and production constraints, and grounding decisions in customer research and campaign data. Experienced in turning complex technical products into communication that sceptical enterprise buyers can follow.

Work Experience

Senior Graphic Designer @ Workfabric AI

Sep 2025 – Present Bengaluru

- Led the Workfabric AI marketing site project as design owner and single point of contact across Product, Marketing and Leadership; designed the site and its visual language, translating a complex enterprise AI product (ContextFabric) into a clear web experience.
- Evaluated the existing Workfabric AI digital experience and explored scalable design and deployment approaches for a maintainable web experience.
- Explored and implemented Figma Sites as a web design and deployment workflow, contributing to the design and execution of the live Workfabric AI website.
- Created the Workfabric AI visual language from scratch (colour, type, the dotted-weave motif and illustration style) and documented it as brand guidelines in Figma, applied across the website, pitch decks and product documentation.
- Designed 10+ enterprise pitch decks for Fortune 500 prospects and partners in financial services, consulting and enterprise software (including Cognizant), plus investor pitch decks and executive presentations built from leadership briefs.
- Produced 10+ product tutorial videos and motion walkthroughs end to end (script, animation, edit and audio), used by customers and the go-to-market and sales teams for onboarding and demos.

Graphic Designer @ Jumbotail Technologies Pvt Ltd

Jun 2024 – Sep 2025 Bengaluru

- Designed the packaging and brand system for Jumbotail's private-label brands (Jumbofarms, Vedha and Crispy Corner), with fixed layouts, a shared mark and colour-coded ranges across rice, dals, flour, spices and oil, built to food-labelling (FSSAI) requirements.
- Ran ongoing customer research with kirana shopkeepers (10+ a month through shop visits, phone calls, support-call reviews and in-office customer connect sessions), feeding findings into every packaging design through repeated rounds of iteration.
- Co-developed the Campaign Effectiveness Score (CES) with the Decision Science and Data Analytics teams, a dashboard tracking click-through and interaction patterns across in-app banners, push notifications and in-app messages; used it to redesign in-app banners, which reached 1.6× the previous click-through rate.
- Sole designer for Jumbotail Gold, the paid membership programme for kirana owners: created its identity and all launch creative across print (pamphlet, membership card, coupons) and in-app push notifications.
- Redesigned the Jumbotail app's in-app icon set (40+ icons) as a single consistent family, shipped in the live app.

- Designed and shipped the Jumbofarms brand landing page (jumbofarms.com), presenting the private-label range and its visual language in a single-page format.

Graphic Designer @ Cicada Media Pvt Ltd

Dec 2020 – Jul 2021 Bengaluru

- Design consultant for Trippy Goat Cafe & Wine, handling its marketing design end to end: identity, menus, packaging, social media and photography.
- Created and ran Trippy Goat's events programme, including The Mixer networking series (with its own identity and campaign), wine tastings and chef's tables, managing partners and vendors from curation to branding.
- Designed the admissions campaign for PES University's new BBA Sports Management course across newspaper, brochure, standee, billboard, social media and the course landing page.
- Created the brand identity, logo and packaging for an FMCG brand.

UI/UX Designer, then Design Consultant @ Upapp Factory

Jul 2020 – Nov 2020 Bengaluru

UI/UX Designer (Jul – Aug 2020); continued as design consultant after the company restructured (Sep – Nov 2020).

- Redesigned the Upapp Factory website's visual identity and layout.
- Redesigned customer-service touchpoints across the website.
- Introduced micro-interaction patterns across the web experience.

Visual Communication Designer (Co-op) @ Levon Homes

Dec 2019 – May 2020 New Delhi

- Designed graphics, animations and 3D renders across digital and print advertising channels.
- Created new product imagery for the company's Amazon catalogue.
- Designed social media ad creative for campaigns run by the founder.
- Prepared pitch decks and visuals used by the sales team to win kitchen interior contracts.

Education

MA Design Management

University of the Arts London, 2023 · London, United Kingdom

Final major project: LearnARcade, an augmented reality learning concept for dyslexic adults (research and UX strategy).

B.Des Fashion Communication
